About Piney Creek Yarn

Piney Creek Yarn is located in the Piney Creek Shopping Plaza on the SE corner of Orchard and Parker Roads. The newest shop in Centennial provides a variety of well-known yarn choices as well as unique choices that you may not find in other shops. You will also find a source of fibers, equipment and classes for spinning and weaving in addition to knitting and crochet.

Construction Notes

Mosaic knitting does not require carrying yarn. You will only be working with one color at a time. Each row consists of stitches that are worked, either knit or purl, and slipped stitches. All worked stitches in any given row are worked with the same color yarn for both the right side and corresponding wrong side rows. You will alternate colors every 2 rows. Example for the first couple of rows will be given in words.

Each printed chart row is worked twice, once from right to the left (right side) and once from the left to the right (wrong side). On right side rows all slipped stitches are slipped with the yarn in the back. On all wrong side rows slipped stitches are slipped with the yarn in the front.
